S2210VF1

AUTOMATIC FLY PIECE UNIT

S2210VF1 (single needle) is an automatic programmable unit which carries out "J" seam on the front fly panel, on jeans, casual trousers and workwear, to create double parallel stitches or non-parallel stitches.

This machine permits to create a customized "J" pattern with the maximum freedom of styles, satisfying any fashion request, with no cost in terms of extra jigs.

It can be transformed for operations like back pocket embroidery, sewing darts and pleats, run flap stitch, simply by purchasing the necessary parts.

S2210VF1 can achieve an incredible production rate, with no need of skilled operator, it also allows operator to place next garment while machine is still in stitching.

EFFICIENCY

FASHION STYLE

FLEXIBILITY
